holistic approach

camali clinic

child & adolescent mental health

Community Group

A free of charge drop – in group, for young people to meet other like-minded individuals who are experiencing difficulties in their lives. Young people who attend, will be involved in the planning and identifying of the activities and projects they would like to do.

The program allows clinicians to interact with the community, and create valuable lasting friendships. The group provides a therapeutic sense of inclusion, and drives creative expression by adolescents.

Every Monday Camali Clinic opens its doors to young people aged 12 – 18 to join the Camali Community from 5.30 – 7.00 pm. No commitments, no pressure and no charge, but we hope to see everyone on a regular basis.
